**DUO - CARPETKEEPER®**

**DUO-CARPETKEEPER®**

---

Reliable performance, operator friendly  
and professional quality cleaning

The Duo-Carpetkeeper® from Tornado®, is one of those rare finds in the cleaning and maintenance industry: a low priced, staple item that delivers years of top-quality, trouble-free performance. Whether you're equipping an entire hotel staff or just need a good solid machine to maintain the carpet in the office lobby, the Duo is the perfect choice.

The Duo is a single motor system with a .42 bushel, top-loading, heavy-duty cloth filter bag designed to maximize fill without reducing performance. A paper filter bag holder is also available. The 6.5 amp motor generates solid vac performance. The Duo has a 12-inch cleaning path, beater bar and a 50-foot power cord. The Duo's powerful suction, combined with the dirt releasing action of the beater bar, removes even deep down dirt from all types of carpet fibers.

In addition to great cleaning performance, the Duo will also be a very versatile part of your cleaning team. The nylon brush head has four pile height settings that provide for maximum performance. The Duo delivers power, versatility and performance all packed into a 16-pound package that you can rely on for years to come. The 12" Duo-Carpetkeeper® from Tornado® is a dynamic addition to any cleaning department.

12" Duo-Carpetkeeper®
